About Online Focus

Since 2007, Online Focus has served hundreds of interpreters around the country with convenient, effective, and affordable continuing education solutions. Enjoy at home, work, or wherever you have access to a computer with high-speed Internet.

Simply subscribe to your desired programs, then log into Interpretetek's website to view videos with corresponding homework when it's convenient for you. Subscription lengths vary by program. CEU processing normally has an additional fee but is included in this promotion - just send your homework to Interpretetek when complete. These RID-approved CEUs are accepted by KCDHH and MCDHH.

Choose from topics like *Fingerspelling Focus*, *Deaf Storytelling*, *Medical Focus with Nigel Howard*, or *Understanding and Decompressing From Vicarious Trauma* and more.

Many thanks to Interpretetek for their generous donation to make our 2017 membership drive a success!
